

HB 63 -- ELECTIONS

SPONSOR: Dugger

This bill reenacts Section 115.305, RSMo, which was repealed in 2014 and exempts a candidate for a township, city, town, and village office from regulations under this chapter. The bill allows cities of the fourth classification, except those in St. Charles County, to hold primary elections if the election is specified by an ordinance that cites the sections of law under which the primary elections are regulated.
